

PU管 PU Hose

产品特性:

- 管体光滑柔韧，弹性佳，耐绕曲，弯曲半径小，容易安装、使用。
- 对氧，臭氧具有抵抗性、耐老化性优良。
- 采用在线管径控制系统，管径公差控制在±0.2mm内。
- 透明管具有高透明度，介质流动的状态清晰可见。
- 颜色管采用耐候的色粉，管颜色标准、鲜亮，长久工作不退色。
- 进口原料制造。
- 可广泛用于工业，以及各领域的气动配套管路。

Product Features:

- The tube is smooth, flexible, good elasticity, resistant to winding, bending radius is small, easy to install and use.
- It is resistant to oxygen and ozone, and is excellent in aging resistance.
- On-line diameter control system, diameter tolerance control within ± 0.2mm.
- The transparent tube with high transparency, and the flow state of the medium is clearly visible.
- Color tube with weather-resistant toner, tube color standard, bright, long-term work does not fade.
- Imported raw materials.
- Can be widely used in industry, as well as various areas of pneumatic matching pipeline.

规格 Spec.

适用流体: 空气

材料: PU (聚氨酯)

正常使用压力: 2.0Mpa以下

最高耐压: 5.0Mpa

使用环境温度: 0~60°C (32~140°F)

Adaptive fluid: Air

Material properties: PU (Polyurethane)

Working pressure: Under 2.0Mpa

Max. working pressure: 5.0Mpa

Working atmosphere: 0~60°C (32~140°F)

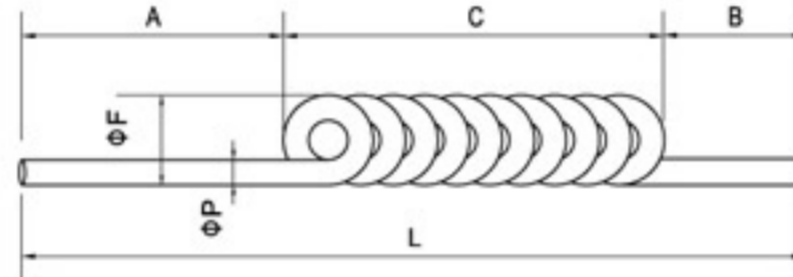

注意!

- ★ 环境或流体温度高于60°C时，请谨慎使用，温度太高容易老化，龟裂。
- ★ 环境或流体具有强烈腐蚀性时，比如强酸、强碱，强极性溶剂时，请谨慎使用。强腐蚀环境中管子存在爆裂的危险。
- ★ 请勿仓储于潮湿环境的仓库或存放期过长，可能因潮湿水解而导致出现断裂现象。

Attention!

- ★ When the environment or fluid temperature is higher than 60°C, please use with caution, the temperature is too high, easy to aging and cracking.
- ★ When the environment or fluid has strong corrosiveness, such as strong acid, strong alkali or strong polar solvent, please use with caution. tube in strongly corrosive environment may burst.
- ★ Do not store in moist environment or storage period is too long, may be Breakaged caused by wet hydrolysis.

PU弹簧管 PU Spring Hose

- 操作距离与重量以长度6米为标准
- 其它规格与颜色可定制
- 数据以样品为准，实物有可能存在误差
- The operating distance and weight with the length of 6 meters tube
- Other specifications and colors can be customized
- Data subject to sample, there may be errors in kind

规格 Spec.	操作距离 Operating Distance	重量(g) Weight (g)	长度(m) Length (m)	颜色 Colour	A	C	B	L	F	P
PU4 × 6	1M-3M	140	3/6/9/12	黄/白/透明 Yellow / white / transparent	120	340	100	560	40	6
PU5 × 8	1M-3M	220	3/6/9/12	黄/白/透明 Yellow / white / transparent	180	320	120	620	52	8
PU6.5 × 10	1M-3M	330	3/6/9/12	黄/白/透明 Yellow / white / transparent	160	300	110	570	56	10
PU8 × 12	1M-3M	450	3/6/9/12	黄/白/透明 Yellow / white / transparent	150	400	140	690	70	12
